5. Dr. Khandelwal PGI
6. Dr. Vimal Someshwar Reliance Hosp.
7. Dr. AK Gupta SCTIMST
8. Dr. VRK Rao Manipal
9. Dr. Rammurthi NIZAMS Institute.
10. Dr. Shyam Kumar CMC vellore.
11. Dr. Suyash TATA Memorial
12. Dr. Desmukh KEM .
13. Dr. Gireesh Warawadekar Leelavathy Hospital.

Course Directors

Dr. Mathew Cherian
Dr. Pankaj Mehta

Kovai Medical Center is a 500 bed super-specialty corporate hospital, located in the cotton city of Coimbatore. The Department of Interventional radiology at KMCH is a center of excellence and had been involved in the practice and teaching of interventional radiology for the past two decades. The center has been a pioneer in Peripheral and Neuro Intervention in this region.

The Indian Society of Vascular and Interventional Radiology is committed to the development of the practice and training of this sub-specialty in India. It also makes efforts to equip its members with information on the latest trends in the world of interventional Radiology. Pediatric vascular intervention is still not commonly practiced in India and this workshop aims to help interventional radiologists, pediatric surgeons, vascular surgeons and neurosurgeons to understand this disease better and thus improve management.

Dr. Philip John is an International authority on pediatric Vascular Malformations from the Hospital for sick children Toronto Canada. He has a vast experience in this field and will be key faculty for the workshop. The National faculty is among the best in India and each of them have contributed immensely in the area they will be covering. The Post graduate workshop is limited to 40 radiologists who are either in training or in the process of starting an IR practice. Each participant will go through four modules and each of these will be manned by a senior Interventional radiologist from India who has a vast experience in this field.

The workshop will give ample opportunity for young radiologists to interact with those who have years of experience behind them. The organizers take this opportunity to welcome you to this wonderful city and an excellent academic feast.
